### **Abstract**

The TNEF File Viewer is an application for TNEF mail attachments.

# Chapter 1

## Introduction

The TNEF File Viewer allows to handle easily mail attachments using the TNEF format. Those attachments are usually found in mails coming from Microsoft® mail servers and embed the mail properties as well as the actual attachments.

This utility program allows to perform various operations on those attachments:

- Extract actual attachments
- View message properties (TNEF/MAPI)
- View/extract message formatted text (in RTF format)
